

ENDUROLAND RIDER BRIEFING

1. Please ensure all valuables are securely locked away including bikes when not on track. We do not accept any responsibility for any lost or stolen items at any of our venues.
2. There is a designated refuel/pit area clearly marked, this should be used at all times for refuelling your bikes. Refuelling is not to be carried out by any persons under the age of 16. Bikes must be switched off - dead engines before refuelling commences. No non-riders in the pit area other than pit crew over 16 years of age. **ABSOLUTELY** no smoking in this area. Walking pace only when entering and leaving the pits.
3. We do not allow head/body cameras at any of our events. If a rider is found on the track with one on, they will be asked to remove it.
4. Track Entry & Exit is via the clearly marked signs - do not enter or leave the track in any areas other than those shown.
5. All pits/car parking areas are walking pace at all times.
6. Please stay on the marked course and in the event of a break down that cannot be fixed trackside, await recovery by official staff. Please move the bike to a safe section of the track.
7. A sighting lap is provided when applicable where an official will lead the group for you to learn the course and view hazards and risks, please use this to the full before your first full lap.
8. Practice/race courtesy. We would ask that all novice and new riders move to the left of the track when faster, more competent riders approach - where the more competent rider will overtake on the right hand side - obviously thanking you for your safe and obvious manoeuvre.
9. Stopping on track - riders stopping on the track has increased over the season and we would ask for this to stop unless you have broken down - remember it is a 'live' track at all times, groups stopping on corners etc is totally unacceptable.
10. Any incidents on track should be recorded in the first instance to a track marshal or the race director
11. Medical Staff are on site and are located nearby the registration marquee.
12. Dangerous and careless riding will not be tolerated.
13. Please follow the track official's directions at all times.
14. **Spectating /dogs**

No spectators are permitted to cross the track at any time - viewing is strictly via the car park/pit area unless otherwise stated. If in doubt, please ask first!

Dogs must be on a lead at all times.
15. Drink & Drugs are **totally unacceptable** - all riders please be vigilant with this and report any offenders immediately - offenders will be asked to leave the event and could face permanent bans.

Race director contact number: 07956 634466. Emergency only on race day.
